

Dynamics + Prophix = Seamless

Stop using error-prone spreadsheets, replace frustrating FRx & Management Reporter and supercharge your Dynamics ERP with a single solution designed to boost your financial processes.

Easy, powerful, collaborative CPM software

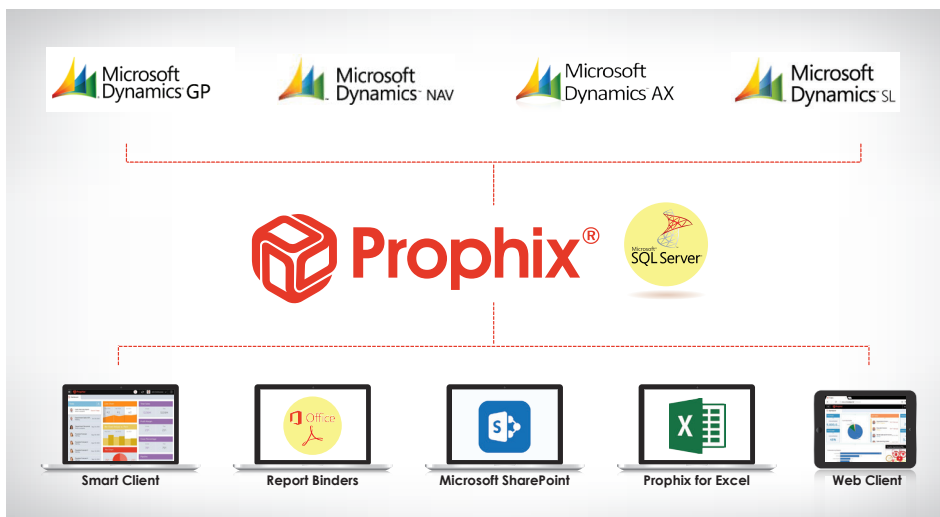

Full Dynamics integration

Built on the Microsoft SQL Server platform

Leverages 100% Microsoft technology

Prophix seamlessly integrates into Microsoft Dynamics and many other sources to unify all relevant data to help you make better business decisions. Drill down to transactional detail with easy-to-use dashboards.

Prophix offers a flexible and powerful solution to meet the needs of today's leading businesses. After all, we're the Corporate Performance Management (CPM) experts.

Why Prophix

Prophix delivers a comprehensive CPM solution that adapts to all business models for strategic planning & reporting

Faster implementation with pre-built integration to Microsoft Dynamics

Prophix is partnered with many of Microsoft's top VARs

Our Solutions

Budgeting

Prophix's budgeting software provides consistent and accurate budgets, reduces duplication and provides more time for analysis. Create precise budgets with far less labor and gain a deeper understanding of what drives profitability.

Analysis

Facilitate business analysis from multiple perspectives with Prophix. Gain a holistic view of your organization's performance, while satisfying specific requirements for financial and operational analysis and make informed decisions.

Forecasting

Prophix's forecasting software enables you to align information and know where you stand, at any given time, in relation to strategic objectives.

Planning

Prophix's strategic planning software offers full visibility into strategic plans across the organization, reconciling targets back into budgets, producing holistic forecasts.

Reporting

Prophix's reporting and analytics provides dashboards and scorecards that capture important views of business performance at a glance.

Consolidations

Prophix financial consolidation empowers companies to provide clear insights derived from accurate consolidated financial information by eliminating manual processes and automating recurring ones.

About Prophix

Prophix develops innovative software that automates critical financial processes such as budgeting, planning, consolidation and reporting—improving a company's profitability and minimizing their risks. Prophix provides the right balance of simplicity and depth, delivering CPM software that is easy, powerful and collaborative. For everyone. Thousands of forward-looking organizations in nearly one hundred countries use software from Prophix to gain increased visibility and insight their into business performance.
